Computation Procedure

- Points have been assigned to each element covered by the 16 questions and based on the presence of the elements points are awarded for each of the 16 questions.
- A combined score which is the sum of all points awarded is worked out. This cumulative score is divided by 16 to fit the cumulative score in a scale of 0 to 5.
- A score of 0 indicates that all the infrastructure and facilities at the Procurement Center are such that they fall in the category of poor practice while a score of 5 would indicate that all available infrastructure, services and facilities are at the highest desirable level.
- As the score shifts from 0 to 5, the greater the score, the greater is the tendency of the Procurement Center towards possessing all facilities of desirable level.
- There are two sets of Questions i.e. i) Single choice & ii) Multiple- choice.
- Single-choice questions require PCs to have one specific feature to qualify for the next level and accordingly based on the relevance and the requirement of facilities at PC, evaluation for maturity point 2, 4 and 5 is done while multiple-choice questions allow for one or combination of features that collectively meet the threshold for progression.

S. No.	Questions	Options	Level of Requirement	Type of Question	Points					
					Question-wise Grading points Criteria					
					0 point	1 point	2 points	3 points	4 points	5 points
1	Which of the following facilities are available at the Procurement Center?	Biometrics verification of farmers	Essential	Mutiple choice	No facilities / Poor practice options only	Any 3 of the 7 Essential facilities are present	Any 5 of the 7 Essential facilities are present	All 7 Essential facilities are present	All 6 Essential facilities (excluding Kutcha Approach road) AND both 2 Important facilities(includes Pucca Approach Road) are present	All 6 Essential facilities (excluding Kutcha Approach road) AND both 2 Important facilities AND any 2 Desirable facilities are present
		Board/Banner of Procurement Center	Essential							
		Drinking water facility	Essential							
		Drainage	Essential							
		Waste Handling Arrangements	Essential							
		Kutcha Approach road	Essential							
		First Aid Box	Essential							
		Toilet facility	Important							
		Pucca Approach road	Important							
		Help Desk	Desirable							
		Administrative building	Desirable							
		Canteen facility	Desirable							
2	What is the type of structure of the waiting room for farmers?	No room available	Poor practice	Single choice	No room available			Temporary structure like Tent	Permanent structure without amenities	Permanent structure with amenities like fan, coolers etc.
		Temporary structure like Tent	Essential							
		Permanent structure without amenities	Important							
		Permanent structure with amenities like fan, coolers etc.	Desirable							
3	What is the type of floor available for unloading of grains at the Procurement Center?	Kutcha floor	Poor practice	Single choice	Kutcha floor			Kutcha floor with tarpaulin	Brick Flooring	Cemented floor
		Kutcha floor with tarpaulin	Essential							
		Brick Flooring	Important							
		Cemented floor	Desirable							
4	What is the type of weighment facility available?	No weighment arrangements	Poor pratice	Single choice	No weighment arrangements				Manual beam scale/Platform scale with Calibration and stamping	Electronic platform scale with Calibration and stamping
		Manual beam scale/Platform scale with Calibration and stamping	Essential							
		Electronic platform scale with Calibration and stamping	Desirable							

S. No.	Questions	Options	Level of Requirement	Type of Question	Points					
					Question-wise Grading points Criteria					
					0 point	1 point	2 points	3 points	4 points	5 points
5	What is the source of power available at the center?	Power connection not available	Poor practice	Single choice	Power connection not available			Power connection available (Electricity/Generator)	Power connection with generator as backup	Solar Power
		Power connection available(Electricity/Generator)	Essential							
		Power connection with generator as backup	Important							
		Solar Power	Desirable							
6	Are functional lights installed in the following locations?	Not installed	Poor practice	Mutiple choice	Not installed	Any 1 of two Essential locations are lit	Both Essential locations are lit	Both Essential locations AND any 1 Important location are lit	Both Essential locations AND any 2 Important locations are lit	Both Essential locations AND all 3 Important locations are lit
		Loading/unloading area	Essential							
		Sheds	Essential							
		Gate and Boundary walls	Important							
		Administrative building	Important							
		Internal roads	Important							
7	How much time is taken for entering the details of purchase into State portal(SFPP) after the day's procurement?	More than 24 hrs	Poor practice	Single choice	More than 24 hrs			12-24 hrs	6-12 hrs	0-6 hrs
		12-24 hrs	Essential							
		6-12 hrs	Important							
		0-6 hrs	Desirable							
8	How are the transaction details (of farmers and transporters) maintained at the Procurement Center?	Manual register	Essential	Multiple Choice				Manual register is present	Manual register AND Uploaded on a computer are present	Manual register AND Uploaded on a computer AND E-POP/Tablets/Mobile Phones are present
		Uploaded on a computer	Essential							
		E-POP/Tablets/Mobile Phones	Important							

S. No.	Questions	Options	Level of Requirement	Type of Question	Points					
					Question-wise Grading points Criteria					
					0 point	1 point	2 points	3 points	4 points	5 points
9	What is the upload and download speed of the internet?	Not available	Poor practice	Single choice	Not available					
		Upload and download speed Between 2 to 5 Mbps	Essential						Upload and download speed Between 2 to 5 Mbps	Upload and download speed Greater than 5 Mbps
		Upload and download speed Greater than 5 Mbps	Desirable							
10	Which of the following information is displayed in the Procurement Center?	Not displayed	Poor practice	Mutiple choice	Not displayed	Any 2 Essential items displayed	Any 3 Essential items displayed	Any 4 Essential items displayed	All 5 Essential items displayed	All 5 Essential items AND Desirable item is displayed
		MSP	Essential							
		Procurement Center operation days and timings	Essential							
		Quality specifications	Essential							
		Contact details of the officials	Essential							
		Contact details for grievance redressal	Essential							
		List of token generated farmers	Desirable							
11	What kind of storage facility is available at the Procurement Center for procured grains?	No facility available	Poor practice	Single Choice	No facility available / Kutcha Ground			Cemented/Pucca floor covered with tarpaulin	Platform (with tarpaulin)	Shed/Godown/Warehouse/ Covered platform
		Kutcha Ground	Poor practice							
		Cemented/Pucca floor covered with tarpaulin	Essential							
		Platform (with tarpaulin)	Important							
		Shed/Godown/Warehouse/Covered platform	Desirable							
12	What kind of dunnage material is used for storing the procured stock?	Not available	Poor practice	Single Choice	Not available			Bamboo mats/Tarpaulin/Husk bags /Wooden balli		Wooden Crate/Poly Pallets
		Bamboo mats/Tarpaulin/Husk bags /Wooden balli	Essential							
		Wooden Crate/Poly Pallets	Important							

S. No.	Questions	Options	Level of Requirement	Type of Question	Points					
					Question-wise Grading points Criteria					
					0 point	1 point	2 points	3 points	4 points	5 points
13	What kind of gate and boundary walls are available at the Procurement Center?	No fencing/gate	Poor practice	Multiple Choice	No fencing/gate	Only 1 Essential facility	Both Essential facilities	Any 1 of the Barbed wire fencing/Permanent gate (Wooden/Metal)/Pucca compound wall + 0/1/2 Essential	Any 2 of the Barbed wire fencing/Permanent gate (Wooden/Metal)/Pucca compound wall + 0/1/2 Essential	All 3 of the Barbed wire fencing/Permanent gate (Wooden/Metal)/Pucca compound wall + 0/1/2 Essential
		Temporary fencing	Essential							
		Temporary gate	Essential							
		Barbed wire fencing	Important							
		Permanent gate (Wooden/Metal)	Desirable							
		Pucca compound wall	Desirable							
14	What kind of Security and fire fighting Arrangements are available in the Mandi/Procurement Center ?	No Security arrangements	Poor practice	Multiple choice	No Security/Fire fighting arrangements	CCTV Camera	Fire fighting arrangements available/Security Personnel available	Fire fighting arrangements available+ CCTV Camera/ Security Personnel available+ CCTV Camera	Security Personnel available AND Fire fighting arrangements available	Security Personnel available AND Fire fighting arrangements available AND CCTV Camera
		No fire fighting arrangements	Poor practice							
		Fire fighting arrangements available	Essential							
		Security Personnel available	Essential							
		CCTV Camera	Desirable							
15	Which of the following equipment are available for quality check of grains?	None of the Equipment available	Poor practice	Mutiple choice	None of the Equipment available		Any 1 Essential equipment is available		Any 2 Essential equipment are available	All 3 Essential equipment are available
		Moisture meter with calibrated certificate	Essential							
		Sample Collection Pan (Enamel Plate)/Parkhi	Essential							
		Analysis Kit (e.g.: weighing balance,magnifying glass, scoop, callipers and fractional weight box set)	Essential							
16	Which of the following equipments are available for cleaning of grains for quality improvement?	Not available	Poor practice	Single choice	Not available		Manual cleaning using sieve/fan/manual cleaning machine			Power fans/Power cleaner
		Manual cleaning using sieve/fan/manual cleaning machine	Essential							
		Power fans/Power cleaner	Important							

Maturity points determination of PCs on average point score

Average Point Score Range	Maturity Point
0-0.99	0
1 to 1.99	1
2 to 2.99	2
3 to 3.99	3
4 to 4.99	4
5	5
